Subject: PARKING OF VEHICLES IN THE RUBBING DOWN SHED (RD SHED) DURING PUNE RACE DAYS

During the Pune Race Days it is noticed that there are a very large number of vehicles (both two wheelers and four wheelers) that are parked in the Rubbing Down Shed (RD Shed) area.

As you would be aware, this creates a problem for the horses of the race day as well as the horses of the trainers stabled in the RD Shed stables. As such, except for the trainers who have stables in the RD Shed area, ALL OTHER trainers / owners / jockeys, are requested to park their vehicles in the Central Parking Area of the Race Course.

The security staff at the gates would not be in position to permit any unauthorized vehicles to park in the RD Shed area during the Pune Race Days. We are sure that you would assist us in ensuring the safety of horses and personnel at the RD Shed area.

We look forward to your whole hearted cooperation to assist the security staff to carry out their duties effectively for the safety of the horses and personnel. *(26th September 2014)*

This Club had issued a notice earlier to all Bookmakers drawing their attention that it is mandatory for Bookmakers operating under the Rules of this Club, to open the Place Odds.

PUNISHMENT/ DISABILITIES/ COMMENCEMENT OF SUSPENSION

1. PUNISHMENT METED OUT BY THE STEWARDS

Whilst meting out punishment to the professionals, the Stewards will take into consideration the period of punishment in its totality.

If a professional normally trains/ rides under the Rules of another Turf Authority, the Stewards would consider the total number of days that the professional would suffer, including at other Centres, whilst meting out punishments.

However, if a professional merely states that he trains/ rides at other Centre or proposes to do so from a future date/ Season that statement alone will not be adequate and the Stewards would only take into consideration the professional's proven recent past record of training/ riding at other Centre/s or consider an already registered retainership with a Turf Authority at which he trains/ rides for this concession to be given. Any attempt to mislead the Stewards in this regard will be viewed seriously. **(24 Apr 2006)**

2. RE: DATE OF COMMENCEMENT OF SUSPENSION OF LICENSE

The Stewards of the Club have also decided that the date of commencement of suspension of a License will not apply from a Calendar date after the expiry of 14 clear days but from a date of next ensuing Race Day, thereby keeping a Licensee free of any restriction in the period from the expiry of 14 clear days to the next Race Day.

By way of example, if the penalty was announced on 1st of a month and penalty was to commence on 15th of the month and if the next Race Day is on 20th of the month, then the suspension will commence from 20th of the month and NOT from 15th of the month. **(2 Apr 2010)**

3. RE: DISABILITIES IMPOSED ON JOCKEYS FOR 'NO WORK'

The Stewards of the Club at their meeting held on 13th October 2012 have decided that when a Rider's License is suspended, they may impose a condition that such a Rider will NOT be permitted to ride work / Mock race. This will be determined on the merits of each case. **(Oct 15, 2012)**

RE: PROCEDURE FOR APPEAL BEFORE THE BOARD OF APPEAL.

The Board of Appeal hereby notify persons desirous of filing appeals before them that they should enumerate the grounds on which the said appeal has been preferred instead of merely indicating that an appeal is being preferred. The appeal should also indicate whether the Appellant is going to be represented by a spokesman and preferably indicate the name of the spokesman concerned. **(6th November 1995).**

RE: SPOKESMAN – BOARD OF APPEAL

In any appeal heard by the Board of Appeal, the aggrieved person i.e. the Appellant, is entitled to appear in person and/or along with his/her Spokesman, not being a practicing lawyer, to represent him/ her and plead his/her appeal before the Board. If the Spokesman cannot appear or fails to appear on the designated date and time of the hearing of the appeal, the hearing shall not be postponed for that reason. **(30 Sep 2002.)**

RE: SPOKESMAN - TRAINERS, JOCKEYS AND OTHER PERSONS APPEARING BEFORE THE STEWARDS IN ANY ENQUIRY

When any person is required to appear before the Stewards for an enquiry and /or in an appeal, he/she has the right to bring along with him/ her a spokesman who can be any person other than a practicing lawyer. They must appreciate, and understand that the spokesman must confine his arguments to the case and the matter under consideration and should not deviate to any extraneous matters, which are unrelated to the enquiry and/or appeal.

It must also be clearly understood that any statement and/or comment which may be made by the spokesman during the enquiry/appeal shall be construed as having been made by the concerned person/s and therefore, the concerned person/s shall be responsible and accountable for whatever has been stated by his/her spokesman. **(16th April 1994)**

REQUEST FOR PRESENCE OF WITNESS/ES FOR AN ENQUIRY

If a person under enquiry desires the attendance of a Witness, he can request the Club to arrange for the Witness to be examined at an Enquiry. For this purpose, the Club must be sent this request, in writing, within 48 hours of the receipt of the letter intimating the person of the date and time for a hearing before the Stewards of the Club or the Board of Appeal. If the request is received late, there may not be sufficient time available to send the Call Letter and the Witness to attend.

The travelling and accommodation expenses, including any other expenses, will need to be borne by the person making the request.

It may please be noted that the Club will not necessarily postpone the enquiry due to the failure of a Witness to attend. It would be in the interest of the person desiring the presence of the witness to make his own efforts to ensure the witness's attendance. **(14 Apr 13)**

So far as racing at Delhi under the Rules of this Club is concerned, it has been decided as follows:-

- b) That if an appeal is to be made to the Stewards of the Club, such appeal must be made and filed in the office of the Secretary of this Club within 6 (six) days of the decision or order of the Stewards of the Meeting, provided that if the date on which such decision or order is given or made and the date on which such appeal shall be filed in the office of the Secretary of this Club shall be a race day in Pune or Mumbai or a day on which the office of the Secretary of this Club shall be closed, the appeal may be filed on the next ensuing working day thereafter.
- c) That the Stewards of the Club shall meet and dispose of such appeal as early as possible thereafter.
- d) That if an appeal is to be made against the decision or order given or made by the Stewards of the Club to the Board of Appeal, such appeal must be made and filed in the office of the Secretary of this Club within 3 (three) days of such decision or order in accordance with Article 105(j) of the Articles of Association of this Club provided that the date on which such a decision or order is given or made and the date on which such appeal shall be filed in the office of the Secretary of this Club shall be excluded for the purpose of calculating the said three days and provided further that if the last date of such three days shall be a race day or a day on which the office of the Secretary of this Club be closed, the appeal may be filed on the next ensuing working day thereafter. If no such appeal be filed within the said 3 (three) days, the decision of the Stewards of the Club shall stand.

In the case of action taken on detection of drugs and gross indiscipline or misconduct the eighteenth day rule will not apply.

It is clarified that suspension pending enquiry is not restricted to detection of drugs and also applies to all cases of gross indiscipline or misconduct in compelling and emergent circumstances. **(27th August 1989).**

NOTICE

TO : ALL TRAINER AND JOCKEYS

RE: NON AVAILABILITY OF PROFESSIONALS FOR ENQUIREY.

It has been observed that many a times when a Trainer / Jockey is requested to wait after the last race to meet the Stewards for an enquiry, the concerned Professional is unavailable and subsequently gives the excuse that he had a runner / ride in a Mock Race held after the races on that day. The Stewards view this practice with displeasure since it causes inconvenience and undue delay in the conduct of enquiries as the Stewards have to wait for the Professionals to return from the Mock Race.

In view of the above, Professionals are hereby informed that if a Trainer / Jockey who is required to meet the Stewards after the last race for an enquiry, fails to put in an appearance at the appointed time, the concerned Professional will be liable for disciplinary action. **(4th September, 2010)**

RE: DEFERMENT OF ENQUIRY

This is to bring to the attention of all Professionals that when they are informed to appear before the Stewards/Stipendiary Stewards for an Enquiry, and if for any reason whatsoever, they are unable to do so, they must intimate in writing to the Stipendiary Stewards for deferment of the Enquiry. Further, such Professionals must obtain a "No Objection" from the Stipendiary Stewards in writing. Unless this procedure is followed, no deferment of the Enquiry would be valid and the concerned Professional would be liable for disciplinary action. *(4th June 2003)*.

RE: PUBLIC AUCTION OF A LEASE

The Stewards of the Club at their Meeting held on 30th April, 2005 have decided that in the event of non-payment of dues to the Club by the lessee of a horse, the lessor/lessee shall be deemed to have authorized the Stewards of the Club and/or the Committee of the Club to sell the lessee's interest in the said horse by Public Auction with the object of recovering the dues of the Club and/or making payment to the Trainer, as the case may be, out of such sale proceeds. The sale of the lessee's interest in the concerned horse by public auction shall be for only the balance period of the original lease between the lessor and lessee. The Club shall however give ten days written intimation of the same to the lessor intimating to him the decision of the Stewards of the Club to auction the lessee's interest in the said horse. *(2nd May, 2005)*.

The Stewards of the Royal Western India Turf Club, Ltd., seek the co-operation of all Members, Owners, Trainers, Jockeys, Bookmakers, racing correspondents and racing patrons in implementing the restriction of entry, on race days only into the Weighing Room/Stewards Room/Party Room at the Mumbai and Pune Race Courses by not entering into these places unless there is an urgent need to meet Committee Members/Stewards/Members of the Board of Appeal/Officials of the Club for official purpose. *(31st Oct, 1993)*

It is requested that Trainers should come into the Weighing Room only when they have a horse participating in a particular race. *(10 March 16)*

RE: ASSOCIATION WITH WARNED OFF/ EXCLUDED PERSONS

The Stewards of the R.W.I.T.C., Ltd., do hereby caution all licensed Trainers, Jockeys, Apprentice Jockeys, Riding Boys, Bookmakers and their Assistants including Stable Servants and Employees of this Club that if any of them are found to be associated or involved with persons who have been warned off or excluded from the race course or known to have any act likely to cause damage to the interests of those racing in India whether or not constituting a breach of the Rules of Racing, such conduct will be viewed with disfavour by the Stewards and expose the person to such disciplinary action that the Stewards may in their discretion deem fit including withdrawal or suspension of license. *(11th April 1988)*.

RE: WITHDRAWAL OF HORSES AT THE ACCEPTANCE STAGE OWING TO NON PAYMENT OF DUES

The Owners’ monthly statements of Account as on the last date of each month will be sent by the first week of the following month and/ or available on the Club’s Portal (www.horsein.com) to all Owners as on this date (i.e. last date of the month), then the same must be cleared by the 15th of the next month (e.g. dues as of end of August should be cleared by 15th September) failing which the horses of the concerned Owner/s will not be permitted to be accepted to run in any race until such time they clear their dues as per the last statement of account sent to them. Stakes etc will be allowed to be withdrawn only if there is credit balance in the account as on that date otherwise they shall be set off against any and all Club dues.

NOTICE

RE: NON PAYMENT OF DUES

This is to inform that the Stewards of the Club have decided to revise the procedure for recovery of dues as under:-

STEP 1

The Owner’s monthly statement of account as on the last date of each month will be sent by the first week of the following month to all Owners, including those Owners whose accounts are in credit. If there are any dues as on this date (i.e. the last date of the month), then the same must be cleared by the 15th of the next month, failing which horses of the concerned Owners will not be permitted to be accepted to run in any race until such time they clear their dues as per their last statement of account. However, only those horses, which will be participating in races after 15th and for which entries are made prior to 15th, will be permitted to run after 15th.

For example, the statement of month of FEBRUARY is compiled on the first working day of MARCH and forwarded to the owners in the first week of MARCH. Owners will be given time to settle their dues by 15th MARCH. If these dues are not settled by 15th MARCH, then their horse will not be permitted to be accepted to run in any race from 16th MARCH, until such time that the dues as on 28th FEBRUARY are settled.

STEP 2

On 16th each month, a list of such defaulters will be generated and they will be placed in the Unpaid Forfeit List with immediate effect.

STEP 3

As per the aforesaid example, on 16th MARCH a letter will be sent to all the persons who have not paid, intimating them of their names having been placed in the UFL and asking them to settle their dues before the end of the same month (i.e. by 31st MARCH) failing which the horses concerned will be sold by public auction.

STEP 4

As per the aforesaid example, on 1st APRIL a letter will be addressed to all persons who have still not paid, intimating them that their horse/s will be sold by public auction.

To avoid the horse/s being sold by public auction, the Owners, who have not paid, will be asked to remit the dues immediately; at least 7 days before the date of Auction by cash / demand draft so that their names will not be published in the race cards.

The abovementioned procedure will come into force w.e.f 1st December 2015. **(19 Nov 15).**

ENTRIES

ENTRIES TO BE BONAFIDE

It has been brought to the notice of the Stewards of the Royal Western India Turf Club Ltd, that Trainers are inclined to enter some horses in races when such horses are known to be in no condition to race, with the ulterior motive of preventing such races from being declared void so as to benefit some other horse/horses entered for the same race. All Trainers are warned not to resort to such a practice in future, otherwise they would be liable for disciplinary action. In future, Trainers will be fined for each mistake as per Rules of Racing. **(1 Sep 1998)**

RE: PROCEDURE FOR DIVISION OF HANDICAP RACES

The Stewards have decided to adopt the following procedure of allocating horses in the two divisions has been enunciated as under: For example, if a race is left with 20 acceptors; the horses in each division will be allocated as under:

1. If there are 20, 10 horses will be assigned to each division.
 2. If all the horses belong to different Owner/ Trainer, the first 10 horses will be assigned to division one and the remaining 10 acceptors will be in Division II.
 3. If any Owner or Trainer has two horses accepted, the higher weighted/ rated horse will be allocated to Division I and the lower weighted/ rated horse will be in Division II.
 4. After separating the horses belonging to the same Owner/ Trainer, the balance number of horses required for a particular Division will be allocated starting from the top weighted horse, till the required number of horses for that particular Division is met.
 5. The same method will apply when any Owner or Trainer has 3 horses accepted in a race with the highest weighted horse falling in the Division I and the lowest weighted being allocated in Division II and the third horse will take its place in any of the two Divisions as per its weight.
 6. If an Owner/ Trainer has 4 horses accepted in a race, the 2 highest weighted horses will be in Division I and the 2 lowest weighted horses will be in Division II.
 7. If an Owner has more than one acceptors and one of these acceptors is in the charge of a Trainer who also has two acceptors, then such horses will be "grouped" and the highest weighted horse amongst these will be allocated in Division I whilst the other horses will be separated as per the procedure stated in the above Clauses. **(24 Oct 2007)**

NORMS TO BE FOLLOWED BY THE STEWARDS REGARDING OBJECTIONS, PUNISHMENT, ETC. (As revised on 29th January 2012)

The Stewards of the Royal Western India Turf Club Limited, after taking into account the interests of the racing public and Owners have arrived at a broad consensus and have laid down the following norms to be followed by them regarding decisions on Objections and actions following therefrom, as well as punishment, disqualifications etc. :-

- I) A differentiation will be made by the Stewards in each case to determine whether a case is one of
- a) Foul riding;
 - b) Dangerous riding;
 - c) Careless/improper riding;
 - d) Accidental interference.
- II a) **FOUL RIDING**

If the Stewards find a Jockey guilty of foul riding, his mount may be disqualified and the Jockey shall be subjected to such severe punishments as the Stewards in their discretion may decide.

b) **DANGEROUS RIDING:**

If a Jockey indulges in rough riding which causes an accident or in the opinion of the Stewards, comes very near to causing an accident, it would be considered dangerous riding.

If as a result of such dangerous riding an interference takes place anywhere in the race the horse may be disqualified.

A Jockey indulging in dangerous riding shall be stood down for such number of days as may be decided by the Stewards.

c) **CARELESS/ IMPROPER RIDING:**

If in the opinion of the Stewards interference may not have resulted in an accident but was tantamount to careless or improper riding and the interfered horse finishes on the board, the placing will be altered only if according to the Stewards the interfered horses could have beaten the interfering horse. Such interference may take place in any part of the race.

At the same time a jockey indulging in improper/careless riding may be stood down for such number of days to be decided by the Stewards.

d) **ACCIDENTAL INTERFERENCE:**

In the case of accidental interference from the marker before the bend to the Winning Post and the interfered horse finishes on the board, the placing will be altered only, if according to the Stewards the interfered horse could have beaten the interfering horse. In the case of accidental interference before the marker and the interfered horse finishes on the board, such interference will not be considered, unless it makes a very significant difference to the result of the race and the placing may be altered. The Jockey shall not be punished in cases of accidental interference. **(29 Jan 2012)**

It is clarified, for the removal of doubt, that this norm has no relevance to the question of determining disqualification of a horse. **(8 Oct 2016)**

LODGING OF OBJECTION/ STEWARDS' ENQUIRY – PROCEDURE

The announcement of a Stewards' Enquiry, shall be made over the public address system and the "Yellow Cone" shall be hoisted only after all the Jockeys in the race have presented themselves to the Clerk of the Scales to be weighed in and before the "ALL CLEAR" signal is hosted in the Unsaddling Enclosure. **(20 Dec 1998)**

All are hereby informed that in case a Trainer or a Jockey desires to lodge an objection immediately after the race and before the ALL CLEAR signal is hoisted and approaches the Clerk of the Scales to formally write down the reasons for the objection, it is the responsibility of the Trainer or Jockey to ensure that what is written is to their satisfaction before signing on the objection form. Once the objection form is signed and lodged, no protest in this regard will be entertained. **(26 Feb 2003)**

All Jockeys are hereby informed that in the event after a race has been run, they feel that there was some interference to their horse, and that they may wish to object, they would be allowed to approach the Stipendiary Stewards and view the replay of the race in the Stipendiary Stewards' cabin before lodging an objection.

If after reviewing the replay of the race the Jockey wishes to lodge an objection, he should approach the Clerk of the Scales, before he weighs in, since he cannot object after the weighing in. **(5 Oct 1995)**

HOLDING OF AN ENQUIRY

The Stewards have decided as a matter of procedure, to institute enquiries into the running and riding of all fancied horses who do not figure in the first-four placing. Similar enquiries will also be compulsorily conducted for all horses whose opening odds drift unusually and who also, without apparent reason, run poorly. The Stewards, of course, retain the right to enquire into all cases as they deem fit and at their absolute discretion. **(1 Sep 2001)**

RE: 2 YEAR OLD HORSES & STABLING ACCOMMODATION AT THE PUNE AND MUMBAI RACE COURSES:

All Owners, Trainers and Breeders are informed as under:-

a) **CAP ON ALLOCATION OF STABLES IN PUNE:**

Only 1300 stables would be allocated.

b) **CAP ON NUMBER OF HORSES FOR OWNERS/TRAINERS:**

An Owner/Group and/or Trainer can be allocated a maximum of 70 stables in Pune and 80 stables in Mumbai Racecourses. Trainers / Owners / Group are free to make other arrangements off the racecourse for horses exceeding these numbers at their own risk and responsibility.

A family unit / Group will be counted as spouse, son, daughter, etc. for whom the Owner has stood guarantee. Companies having registered Owners, or family as shareholders, directors, power of attorney holders, authorized agents, etc. shall be included in this unit/Group. Even a quarter share owned jointly with other Owners outside the unit / Group would be considered as one.

c) **TRAINER-WISE ALLOCATION:**

Stables provided to Trainers at the Pune Racecourse would be based on a method to be decided from time to time by WIRHOA Ltd and the WITA Ltd, along with the Stipendiary Stewards.

As per the existing practice, if a horse moves from one Trainer to another Trainer, the stable of that particular horse also goes to the new Trainer. Allocation of stables for a Pune/Mumbai Meetings can vary due to the policy of "stables go with horses" will apply whilst finalizing the stable allocation. However, if the Receiving Trainer has a Stable vacant by virtue of a horse leaving the Racecourse/ or a horse dying etc., he may submit an Internal Transfer Form to state that he would not need a Stable.

If a Trainer does not get his full quota of horses and/ or two year olds, the balance stables/ quota shall be returned to the Club by March each year and the Club would allocate these stables / Quota to other applicants keeping in mind that small active Western India Owners get priority. The Tribunal, comprising of Chairmen of Stewards, WIRHOA Ltd and WITA Ltd, would frame policies in this regard as befitting the then circumstances.

d) **CAP ON TWO YEAR OLDS**

The two year olds to be allocated stables are capped at 375 and additional 25 will be considered on merit. Thus the total number of two year olds permitted in Western India would be 400, which may normally be 30% of the total horse population.

It is clarified that there would be no restrictions on the number of two year olds in Mumbai as they would have become racing horses by then, provided they do not require further stables to be constructed and would fit into the overall stable allocation.

e) **ADDITIONAL TWO YEAR OLDS OVER AND ABOVE THE QUOTA:**

A Trainer can cull out their older horses to leave Western India and fill those vacancies by two year olds over & above the quota without asking for any extra stables over and above their allocation. Such additional two year olds would be permitted, as stated above, subject to a maximum of 20% of two year olds quota for that Trainer. For example, if a Trainer has a quota of 10 two year olds, he can take upto a maximum of 2 additional two year olds by culling out older horses, as stated above. Those Trainers who are desirous of availing of this facility would have to intimate in February as to which are the horses they would be culling out. They should cull out such horses by the end of that Mumbai Season and thereafter in their place they could bring extra two year olds, in Pune.

f) **NEW OWNERS/TRAINERS:**

No limit on the number of licensed Trainers is imposed. However, new Trainers licence can be granted only subject to availability of stables in Pune. New Trainers can have only upto 20 stables in the first year. New Owners shall be restricted to 5 horses in the first year provided the Owner finds stables within the quota allotted to his proposed Trainer/s. As regards the growth in the number of horses in respect of a new Owner, in the second year he can have 10 horses and in the third year he can have 15 horses provided he finds stables within the quota allotted to his Trainer/s.

g) **NORMS FOR CULLING OUT OF HORSES FOR PUNE MEETING 2016 AND THEREAFTER:**

The Stewards of the Club will notify these norms from time to time.

h) **TRANSFER OF TWO YEAR OLDS:**

In the normal course, no transfer of two year olds will be permitted upto 1st November except by public auction or death of Owner or force majeure. If an Owner wants to shift horses from one Trainer to another due to various reasons such as unsatisfactory training/performance, both of them not getting along well, disputes, as a cost cutting measure or an Owner getting a good offer for his horse etc. such cases would be considered on merit.

No sale/transfer shall be permitted if the buyer exceeds the quota allotted as maximum to any Owner/Group similarly for Trainers as well.

i) **UNDERTAKING FORM:**

Only prescribed sale/ lease form duly completed and signed shall be entertained. Sale/transfer/lease forms ought to be lodged with the Club within one week of the date of the arrival of two year olds in a Trainer's yard failing which it would be incumbent upon the Trainer to remove such horses from the Club's stables. A short lease valid at least until the following 15th December can be accepted. After 15th December, if a new sale/ transfer / long lease form is not received in the Club's office then the lessor can take the horse back and sell or lease it to another Owner on a long lease. It is clarified that from the time of the expiry of the lease until the time the horse is bought/taken on long lease by another Owner, as stated above, the expenses in respect of the horse concerned will have to be borne by the breeder concerned.

j) **QUOTA OF SUSPENDED TRAINERS:**

As regards the quota of suspended Trainers, it is clarified that normally the horses of a suspended Trainer going to other Trainers should come back to the suspended Trainer after completion of his suspension and when he get his license back, UNLESS the Owner wishes to exercise his rights under (h) above.

CONCLUSION

The abovementioned decisions made by the Committee, based on the recommendations of the then Core Group, are hereby informed to all concerned well in advance so that the inflow of horses into Western India shall be controlled in the manner described above. The Committee will review the norms from time to time depending on the changing circumstances. **(10 Nov 2011)**

If any Trainer occupies a stall that is not allotted him, the Stewards will take a very serious view of the same. However, if Trainers mutually agree to exchange stalls amongst themselves, they may do so but only after informing the Sr. Stipendiary Steward in writing. **(15 April, 1998)**.

It has been observed that Trainers at times **demand the same stables** as were allotted to them during the previous year/s on the pretext that they have spent money renovating their stables. Should any Trainer wish to renovate the stable allotted to him/ her at Mumbai/Pune, he/ she must obtain prior permission of the Club before doing so. Further, Trainers are reminded that renovation of the stables does not entitle them to demand for the same stables in the future and allocation of stables shall be entirely at the discretion of the Club. **(25th November, 2006)**

It may please be noted that the list of 2 year old horses received from the Trainers when asked by the Club by way of a Notice would be considered as the final list and the number of 2 year olds that would be in the charge of Trainers for the Pune Meeting. In case any of the Trainers who do not send the list of 2 year olds by the stipulated date as stated above, it will be presumed that they would not have any 2 year olds in their charge.

In order to ensure that the number of 2 year olds at Pune tally with the list of the expected 2 year old horses provided by Trainers/ Owners/ Breeders, a physical check may be carried out at Pune and if any ineligible 2 year old horse/s is/ are found at the Pune Racecourse, the matter will be reported to the Stewards. **(February 16, 2013)**.

The Stewards of the Club at their meeting held on 14th January, 2018 have decided that if the Breeders / Owners wishes to bring 2 years old horse/s to Western India that are **not** entered in the Annual Sales Catalogue 2018 and that have been purchased privately or retained for racing under the Rules of RWITC Ltd. at Mumbai / Pune by Owners in Western India, they may do so during the Annual Sale period, subject to the conditions contained in the Office Notice dated 10th November, 2011 published in the Racing Calendar with regard to Stabling Accommodation at the Pune and Mumbai Race Courses.

The Sale or transer of these horses will be subject to the conditions as mentioned in the Notice dated 10th November, 201 regarding Stabling Accommodation at Mumbai/ Pune Race Courses.

Kindly note that in no way the stables at the Mumbai Race Course, shall be used for transist.

RE: 2 YEAR OLD HORSES – PERMITTED TO BE BROUGHT IN TO CLUB'S STABLES

Whenever the races for 2 year old horses are scheduled to be run during the Pune Meetings, Trainers are permitted to swap/ exchange the 2 year old horses that are accommodated outside the Club's stables with the older horses in their charge.

RE: MOVEMENT OF HORSES WHICH HAVE NOT BEEN PROVIDED STABLES ON THE PREMISES OF THE CLUB FOR THE PUNE MEETINGS:

The Club does not provide stables to certain horses on the premises of the Pune Racecourse however such horses are allowed to run in races during the Pune Meeting. These horses travel to and fro between their stable and the Racecourse for the purpose of racing. The Trainers are hereby informed that the Stipendiary Stewards/ Sr. VO of the Club needs to be informed, each time in writing, of any such to and fro movement of the said horses as enunciated in the foregoing paragraph, more so if the concerned horse/s is/ are staying back for racing purpose and occupying Club's stable for any number of days. **(August 26, 2011).**

RE:STABLING OF RUNNERS OUTSIDE THE SECURITY YARDS & SURVEILLANCE CAMERAS

It has been observed that runner/s for a Race Day are stabled outside the Security Yard of a Trainer and is/ are away from the Surveillance Cameras which defeats the very purpose for which the Surveillance Cameras were installed.

It is hereby notified that the runners must be stabled in the Security Yard of a Trainer and in no case any runner must be kept away from the vision of the Surveillance Cameras.

Trainers will be liable for disciplinary action if found in violation of this Notice. **(March 8, 2014)**

RE: THE POLICY OF HORSE/S MOVING WITH STABLE

The current Policy is that a horse moves with a stable if it is transferred to another Trainer within Western India. But this policy is NOT being followed by the Trainers who sell/ transfer a horse without a stable moving.

This causes a problem as it leads to creation of a stable since the receiving Trainer has to either accommodate the horse in his own allocation or stable the horse outside the Club's stables and in the next Mumbai or Pune Meeting the horse gets a stable and the said horse enters in to the receiving Trainer's numbers for the next allocation.

In view of the above, all horses must move with a stable. Every horse, as per the allocation and Quota, has been provided a stable and wherever the horse moves within the Club's premises, it MUST move with a stable. **(Feb 16, 2014).**

However, if the Receiving Trainer has a vacant stable, he may lodge a Form with the Racing Department, signed by both the concerned Trainers, that a particular horse will move without a stable.

STARTING STALLS

The Stewards of the Royal Western India Turf Club, Ltd hereby give notice that the following regulations and procedures shall come into force with regard to starting from stalls.

1. A horse desirous of being started in a race under the Rules of Royal Western India Turf Club, Ltd will have to hold a Starting Stall certificate from the RWITC Ltd; RCTC; MRC; BTC, Ltd or the HRC to enable such horse to become eligible to start in a race. No horse without a Starting Stall Certificate as stated above will be permitted to start in a race.
Owners or Trainers who intend to send their horses to race under the Rules of RWITC, Ltd from other Racing Centres must ensure, in their own interest, that starting stall certificate of their horses are lodged with the registered office to RWITC, Ltd as much in advance as possible.
 2. If a horse with an initial Certificate refuses to be stalled at a start on a race day such horse will not be allowed to start in that race and will forfeit its certificate. However, this horse would be eligible to regain such certificate anytime thereafter as soon as it shows the necessary improvement and passes its test. This above procedure would hold good on separate occasions apart from the occasion when a horse has earned its initial certificate. If in its third attempt at the start of a race such horse again refuses to enter the stall, it will forfeit its starting stall certificate and moreover be debarred from racing for a jump out test for regaining such certificate for a clear period of 21 days from the day of the race in which the certificate was forfeited.
 3. No horse will be allowed to start in a race except from a starting stall except as per Clause 9 hereunder.
 4. The Starter shall denote by the signal of lowering of flag that the horses are under the Starters' Order when he finally dispatches the field in a race.
 5. Special methods and treatment, at the discretion of the Starter, to enable a horse to earn its Stall Certificate to take a start in a race will be continued, and every reasonable effort will be made to start a horse in a race, provided such special methods and treatments do not interfere with or disturb the other horses in the field at the start.
 6. All horses will be stalled strictly according to the draw as per the present pattern of loading and if any horse is fractious or unruly then the Starter will give, as far as possible, a maximum of three chances for stalling, failing which the Starter is empowered to withdraw such a horse
 7. When a horse is brought to the practice starting gate either to earn an initial Starting Stall Certificate or for regaining a forfeited certificate, the Trainer of such a horse must be present at such time and place unless he is unable to be present due to illness or other urgent reason, in which case such a Trainer must send to the practice gate his duly authorized representative.
The Stewards have decided that no Starting Stall Certificates will be issued if it is found that the Trainer has not accompanied his horse to the Starting Stalls when shown to the Starter for obtaining a certificate. (14 Feb 1997)
 8. The Stewards are of the opinion that, in their own interest, Jockeys should, as far as possible, know the habits of their mounts at the Starting Gate on race days.
 9. In the event of the Starting Stalls not functioning in the proper manner or if for any other reason the Starting Stalls cannot be used, the race/s will be started by a flag start. **(1 Apr 1991)**
- A). **GADGETS NOT ALLOWED ON HORSES-** Gadgets such as Electric/Battery goader or any other contraption will not be allowed to be used to urge horses to jump out of the Starting Gates in a race or in a practice. **(3 August 1988)**
 - B). **STARTING OF A HORSE WITH THE REAR GATE OF THE STARTING STALL OPEN-** No horse will be started with the rear gate of the Starting Stall open. If the Starting Stall is broken or damaged, the horse will be placed on the outside draw, in an available stall. If there is no outside stall available, then the particular horse will be withdrawn. **(14 Nov 1991)**
 - C) **GUIDELINES FOR START OF RACES-** After the Starting Gates open for the start of a race, if for any reason a horse refuses to jump-out, the Starter's assistant or any handler shall not assist that horse to come out of the Starting Gate and only the Jockey concerned will have to induce the horse to come out of the Starting Gate. If any horse is assisted by the Starter's assistant or the handler, to come out of the Starting Gates, severe disciplinary action will be taken against the person concerned unless the Starter under special circumstances used his discretion to allow the handlers to pull the animal out of the gate. **(6 August 1988)**
-

-
- D). **ISSUE OF STARTING STALL CERTIFICATE FOR 2/3 YEAR OLDS**- All 2 and 3 year olds whose Starting Stall Certificate is required must be shown twice in jump out in the mornings on the dates fixed for starting stalls so that instances of horses behaviour is better known to the handlers and the starter and also avoid horses playing up at the time of race. *(5 March 1987)*
- E). **MISBEHAVIOUR OF HORSES IN THE STARTING STALLS**: It has been observed that a number of horses are reluctant to enter the starting stalls and some of these horses, after being stalled also are very fractious in the gates. The Stewards feel that 2-3 year old horses due to their lack of racing experience may be reluctant to enter the stalls. However, older horses i.e. 4-year old horses and upwards are also misbehaving. The Stewards have directed the Starter to give no more than one chance to older horses to enter the stalls and if they misbehave, to revoke their Starting Stall Certificate. This direction will also apply to horses who are already stalled but who play up and break out of the stalls. Trainers will understand that the above directions have been necessitated in order not to disturb those horses who have behaved well and who have already been stalled. In their own interest and their Owners interest, Trainers are requested to see that their horses are better behaved in the starting stall manners in the future, to avoid their Starting Stall Certificate from being revoked. *(7 August 1990)*
- F). **JUMP OUT OF HORSES FROM THE STARTING GATES DURING A RACE**: It has been noticed that there is an increase in the number of incidents where horses are not taking a level jump or horses are jumping out awkwardly and are being sluggish at the start which affects the chances of the horse especially in short distance races. The Stewards noted with concern that some of these horses which were public favourites have lost the race due to this reason. The Stewards having deliberated in the matter at length have directed the Starter that henceforth if a horse does not take a level jump/ sluggish at the start and / or jumps out awkwardly, even if it's a maiden run or the horse have behaved in this manner for the first time, the Trainer concerned will be asked to take remedial measures and show the horse to the satisfaction of the Starter at jump out practice and / or Mock race before permitting such horse to participate in a race again. *(10 Oct 2007)*
- G). **MOVING OF HORSES TO INNER STARTING STALLS IN CASE OF WITHDRAWAL OF ANY RUNNER AFTER DECLARATIONS AND PRIOR TO THE 1ST HORSE BEING STALLED FOR THAT RACE**: In case of a horse/s being withdrawn after Declarations and before the first horse is stalled for a race, the horses drawn on the outside of the withdrawn horse/s shall each in turn be moved up a stall towards the inner side without leaving any vacant stall in between. The draw numbers originally allocated to such horses shall not be changed. For example; Horse "X" drawn no.5 is withdrawn, then the horses drawn on its outside shall each be moved up a stall towards the inner side, leaving no vacant stall in-between and the draw numbers of these outer horses being unaltered, the draw numbers shall be as follows : 1,2,3,4,6,7,8 and so on. *(14 March 2003)*
The Stewards have considered with great disfavour the instances of horses jumping out slowly in races from the starting stall in spite of the Jockey's best efforts to make them jump out level with the field. The Stewards have decided that they may revoke the certificate of such a horse if they find that the horse has jumped out slowly in spite of the Jockey making sufficient efforts to jump out level with the field. *(14 Feb 1997)*
- H) "Monty Robert Blankets" are used to calm down unruly horses in the Starting Stalls. Such Blankets are available with the Starter. Any Trainer who wishes to use them on their charge during the Morning Gate practice may kindly contact the Starter. *(16 Sep 2003)*
- I) In case a horse damages the starting stall of another horse in a race while loading & there is no additional stall available, then the horse who has damaged the starting stall will be withdrawn. *(10 Sep 1999)*

SADDLING

1. Trainers are hereby informed that all horses must be saddled only in the Stalls earmarked for saddling of the horses i.e. in the Saddling Enclosure. If for any reason, a saddle, which is duly weighed-out, is moved away from the Saddling Enclosure, the engaged Jockey must compulsorily weigh-out again with the saddle. Further, the Trainer concerned will be liable for disciplinary action. *(1 August 2006)*
 2. It has been observed that on many occasions Jockeys have reached the starting post and have requested the handlers to check their saddles and in some cases even to re-saddle the horse. Due to this certain horses are delayed in being loaded in the gates, which causes delay of the start. In future Trainers and Jockeys are requested to make sure in the paddock itself that the saddle is applied satisfactorily. *(21 March 1987)*
 3. Some Trainers are not present on the Race Course in time to saddle their horses, resulting in those horses being saddled either by their Assistant or the Jamadar and brought into the paddock to give instruction to the Jockey. In view of this, the Stewards have been forced not to permit the horse/s to race which in turn causes the races to be delayed and at the same time the Owners of the horse are put to unnecessary embarrassment. Due to the chronic traffic situation, all Trainers are hereby advised that in future they should arrive well in time on the Race Course in order to saddle their charges and be present in the paddock to give the instructions to their Jockeys. *(11 Jan 1997)*
 4. It has been observed that the number of people entering the Saddling Enclosure has increased causing a security risk in this area. Trainers are requested to give the name of all Employees (bare minimum required) they wish to bring in the Saddling Enclosure on Race Days with the photographs of the person in order to facilitate generation of photo ID cards. The photo ID Cards will be deposited with the Guard at the entry point when entering and will be returned when the person leaves this area. This will enable us to monitor this area better. Further, Trainers are requested not to take family and friends into this area during the races. (Dec 15, 2015).

RE: INCORRECT SHOERING & SHOERING OF HORSES IN SADDLING ENCLOSURE STALLS

The Stewards of the Club have decided to impose a minimum fine of Rs.2,000/- on Trainers for declaring "incorrect Shoeing". However, should the Stewards come to the conclusion that there was any malpractice involved, they may take such further action in the matter as they deem fit. It has been reported that certain Trainers are shoeing their horses in empty stalls provided for saddling horses on race days resulting in horse shoe nails accumulating in these stalls. Trainers are requested not to shoe their horses in the stalls provided for saddling horses on race days. The Security Department has been directed to stop any Trainer from shoeing his horse/s in these stalls. **(2 March 2009)**

RE SPLAYED RACING PLATES

The Stewards at their meeting have decided to implement the following in the event of the plates getting splayed before the horse comes under the Starter's Orders:-

- 2) If one of the fore plates is splayed, the horse shall be withdrawn. However, in Classic/ Graded race/s, if one of the plates on the fore limbs is splayed, plates from other three legs will also be removed and if thereafter the horse trots sound it will be allowed to race all four bare, provided, contact with the concerned Trainer can be established and the Trainer desires to race the horse. If the Trainer cannot be contacted, the horse shall be withdrawn.
- 3) In the event the horse plays up and does not allow the plates to be removed, the horse will be withdrawn from the race. In any case, the attendant Veterinarian will be responsible for taking the decision and he will trot the horse with and without the rider before taking a decision. This notice is issued in the best interest and safety of horses and syces. (5 Oct 15)

- 1) Brand Marks and other details
- 2) Starting Stall Certificate
- 3) Equipment
- 4) Veterinary history in respect of veterinary bans imposed on horses.
- 5) Details of vaccinations
- 6) Ownership and subsequent changes in Ownership
- 7) Inspection report by Turf Authorities.
- 8) ID Chip number.

The following will also be entered in the Passport:-

- a) When a horse is castrated
- b) When a horse goes out of training or goes to Stud
- c) When a horse is dead or destroyed.

When a horse leaves one Centre for another Centre this passport would be handed over in a sealed cover to the Trainer on request by him and it would be the responsibility of the Trainer to ensure the safe receipt of the Passport by the Turf Authority or the Centre where the horse is intended to be raced. Further, all animals going to stud must be accompanied by their relative passport. **(16th Oct 1981)**

- B. No horse will be allowed to leave the premises of the Race Course at Mumbai/Pune, without a Gate Pass or be walked out of the Race Club. The Gate Pass will be a copy of the Left Charge Form duly signed by designated Committee Member of the Western India Trainers Association, Ltd., the Accounts Dept. and the Stipendiary Steward. Further, the last column in the Left Charge Form (Reason for the horse leaving) will have to be filled in detail mentioning the name of the Stud Farm/Person and the address of the destination where the horse is proceeding to.

It has been noticed that Trainers allow horses to leave the Mumbai/Pune race courses even when the concerned Owner's account is in debit which causes innumerable problems in recovery of the money by the Club and their registration of breeding. Therefore, the Stewards have decided that in future before a Trainer relinquishes charge of a horse, he will have to check with the Accounts Department and get a "no dues" certificate from them. If a Trainer allows a horse to leave his charge and go out of the race course without such a certificate then the Trainer concerned will become personally liable to make good such dues. **(25th February 2002/16th February 2001)**

- C. All Trainers must ensure that the horses retiring to stud must be accompanied with their passports. For this purpose, the Trainers should kindly inform the Racing Department well in advance of the date they require passport, as the passports have to be prepared and signed by the concerned officials. **(26th May 1992)**
-

HANDING OVER OF PASSPORTS

Further to this office notice dated 22nd October 1993; all Trainers are hereby informed that whilst handing over to the Racing Department "Taking Charge" forms of yearlings /2 year olds, they should also hand over the passports. Trainers should make sure that they receive a receipt from the Racing Department that they have handed over the Passport. When a Trainer wants to register a horse, he should collect the Passport from the Racing Department for the Identification by the Veterinary Officer and thereafter return the Passport to the Racing Department along with the Registration Form.

Trainers are again reminded that when collecting Yearlings/2 year olds from the respective Stud Farms/Owners, they must collect the Passport pertaining to that particular animal. Please note that no horse will be registered without the respective Passport being presented to the Veterinary Officer. **(7th January 1994)**

PASSPORTS IN RESPECT OF 2 YEAR OLD HORSES

1. All Trainers/Owners who buy two-year olds either privately or through auctions must ensure that the horses collected from the respective breeders must be accompanied by its passports which have already been issued to the Breeders by the Indian Stud Book.

 3. When producing the horses for Registration to the Sr. Veterinary Officer, no certificate of identification will be issued to the Trainer, but he will have to produce the passports to the Sr. Veterinary Officer.

OWNERS INTEREST IN MANAGEMENT OF HORSES

It has come to the notice of the Stewards of the Club that Owners of race horses take little or no interest in the management of their horses and leave themselves entirely in the hand of their Trainers.

The Stewards of the Club consider it essential to the conduct of clean racing that the Owners should take interest themselves in the management of all horses owned or partly owned by them. No Owner can completely divest himself of his joint responsibility, with his Trainer and Jockey for the running of his horses, and the Stewards of the Club hereby give notice that in the event of any case of neglect of this duty coming to their notice they may refuse to accept any entries from such persons. (**Pune: 13th August 1944.**)

All Owners who have previously owned horses under the Rules of this Club and who for any reason have not owned even one horse or a joint Ownership in any horse, for the past 5 years, will have to re-apply to the Stewards of the Club for recognition as an Owner if they wish to race under the Rules of this Club. This re-application will not be necessary if an Owner is on the approved list of another Turf Authority with whom this Club has reciprocal arrangement. (**28th April 1988**).

APPROVAL OF OWNERSHIP –TRAINERS AND THEIR WIVES.

All Trainers are hereby informed that in future if they or their wives desire to own and race horses under the Rules of Racing of this Club, they would have to be approved as Owners by the Stewards of the Club. Those Trainers and their wives who are already registered as Owners would be considered as approved Owners; till such time that the present horses owned by them are in their Ownership. (**13th Sep 1998**)

APPROVAL OF OWNERSHIP AS DEPENDANT – ON AN UNDERTAKING

There are many cases, where a person is approved to own and race horses on an Undertaking where the expenses incurred in the running and upkeep of horses owned or part owned is guaranteed by the person seeking the approval.

If the Ownership of the person seeking the approval lapses, then the right of Ownership of horses for whom the approval has been sought will lapse immediately. (**Aug 4, 2012**).

OWNING OF HORSES BY THE MEMBERS OF A LICENSED BOOKMAKERS' FAMILY

The Steward of the Club have decided that a Licensed Bookmaker's family members, whether residing with him or not shall not be allowed to own and race horses under the Rules of Racing of the Club.

The term family would mean and include the parents, son, daughter, grandson and/ or grand-daughter. The above norms shall be applicable to an ex- Bookmaker also. (**October 4, 2006**).

As per the present practice, when an Owner's horse/s is/are auctioned, the Ownership is automatically reinstated after the dues are cleared. Further, in the event a horse needs to leave station or retire from racing, the Club will take cognizance of the Bank Guarantee / Deposit and give Clearance to horses to leave the premises of the Club even though the Owner's Account may be in debit as on that date.

However, such debits will have to be cleared by the Owners concerned within a period of 15 days, failing which the bank guarantee / deposit would be invoked and the same will have to be replenished by the Owners concerned.

Those Owners who wish to submit such bank guarantee may do so, as per the format prescribed by the Club and such Bank Guarantees should be valid for the period of one Calendar year from 1st July to 30th June. *(20th May 2011)*

SYSTEM OF MAINTAINING OF ACCOUNTS

The Accounts of this Club will be maintained horse-wise and Owner-wise. This system will help Owners who have more than one horse in partnership.

Registration of Horses/Sale/Lease/Sale with contingency of any horse will be affected by this Club, with a partnership form indicating the share of each Owner, if the horse is to be owned in partnership. This partnership form should be submitted together with the form for Registration of Horse's Name/Sale/Lease/Sale with Contingency. In case no partnership form is received, the shares will be assumed to be in equal proportion amongst all partners.

Trainers should mention the name of the horse when requesting the Accounts Dept for debiting Owners' Account for any reason. *(31st March 1993)*.

ENTRY INTO THE PADDOCK/ LEADING IN OF HORSES

1. The same Rule shall also apply to person/s leading in a winning horse.

Co-operation of the Trainers in this regard will be highly appreciated. *(17th October, 2006)*

2. The Stewards of the Club note with grave concern that there have been increasing instances of family / friends going to lead horses without permission or even a word to the Stewards / Officials. The Stewards have decided that only the Owners and their immediate family Members such as husband / wife, sons, daughters, grandsons, granddaughters, son-in-law and daughter-in-law would be permitted to lead horses without prior permission. For all other persons, permission will have to be taken from Stewards / Officials in advance clearly mentioning of their relationship to the Owner.

The Stewards also note with concern that there has been an increasing tendency in Owners, Trainers and friends to shake hands with the winning jockey on the track / paddock / weighing room before the jockey weighs in. This is absolutely against the Rules of Racing and it is therefore advised that no one should touch the jockey before he weighs in. In case it is not observed the horse may be liable for disqualification as provided in the Rules.

All concerned are advised to strictly adhere to the directions of the Stewards. **(8th April 2011).**

3. It has been observed that too many stables employees go onto the race track, when the stable horse wins and vie for having their photo taken with the winner. They sometimes also accompany the horse into the paddock. Trainers are hereby informed that only two persons from their stable (mainly the Jamadar and the concerned syce) are allowed to come on to the track. **(15th March 2003)**

4. **ENTRY OF CHILDREN TO THE RACECOURSE**

The Stewards of the Club have noted with concern that small children are accompanying their parents to lead in winners. As a safety measure, the Stewards of the Club have decided NOT to permit children below 12 years to lead in horses.

All Owner and Trainer are requested to kindly take note of the above and strictly adhere to this notice. **(10th December 2007).**

TRAINERS BETTING WITH BOOKMAKERS

The Stewards of the Club have noted with displeasure reports from Bookmakers against certain Trainers who have not settled their betting account with such Bookmakers on due date. It is hereby notified that the License of any Trainer so reported by a bookmaker will be liable to immediate withdrawal. **Pune: 2nd June 1934**

RE: MINIMUM NUMBER OF HORSES REQUIRED TO BE UNDER THE CHARGE OF AN "A" LICENSED TRAINER.

All Trainers holding an "A" Trainer license shall now be required to have at least 7 horses under their charge at any given point of time. If at any time the number falls below seven horses for any reason whatsoever, the concerned Trainer will be provided a period of 60 days time to make good the number, failing which the licence will be cancelled.

Further, if a trainer takes charge of horse/s so as to fulfill the minimum requirement as mentioned above and thereafter such horse/s leave his charge within a period of one year whereby his number again falls below 7 horses, the same would not be considered as a bona-fide take charge and his licence may be cancelled at the discretion of the Stewards (18 May 2017)

'B' LICENSE TRAINERS NOT BEING PRESENT

It has been observed that "B" License Trainers under the Rules of Racing of this Club are not themselves present, at the Centre, to take care of their horse/s nor there is a Licensed person nominated by the Trainer, responsible for these horse/s.

The Stewards of the Club at their Meeting held on 11th February 2007 have decided that horse/s under the charge of a "B" Licensed Trainer, in his absence, must be under the care of a Licensed person, which may be Assistant Trainer or the Jamadar of the "B" Licensed Trainer. In the absence of such a licensed person, the horse/s may be kept under the charge of an "A" Licensed Trainer.

In case, the "B" Licensed Trainer wishes to be absent, the Stipendiary Stewards must be informed, in writing, stating the number of days he would be away and the name of the Licensed person who would be responsible for his horse/s. The person to be responsible must countersign the letter. **(15 Feb 2007)**

COMPARATIVE PERFORMANCE OF HORSES WINNING WITHIN A SHORT SPAN OF TIME

1. The Stewards view with great disfavour the fact that some horses are being given runs either when unfit and/or with mediocre jockeys in order to bring the horses down in ratings. With a view to stop this practice, the Stewards have given the following directions:
 - i) The Stipendiary Stewards have been directed to keep a close watch over horses which show a pattern and/or consistently perform badly and do not run to the best of their ability. If horses are found to be run in this fashion, the Stipendiary Stewards will check the work given to the horse to ascertain its fitness. Such checking will also be done on a random basis. Trainers who run horses in this fashion may be liable to strict action. Further, in such cases action may also be taken against Owners or jockeys, which may include suspension, cancellation or non renewal of the license.
 - ii) The Handicapper has been directed to closely watch the running of such horses. If the Handicapper feels that the horses are not properly or fully ridden out then the Handicapper shall not give any reduction in rating.
 - iii) The Stewards make it clear that nobody should proceed on the basis that if a horse registers improved performance after a period of 21 days, the same will not be liable to be looked into. Each matter will be looked into, if called for, by the Stewards at their discretion and serious steps will be taken in appropriate cases including by resorting to Rule 25 of the Rules of Racing. **(8 March 1999)**
2. It has been observed that during a Mumbai Season there are certain horses who have run a number of times during the previous Pune Season without showing any form, ridden by not very successful Jockeys and thereafter come to Mumbai and in their very first outing come out and won with experienced jockeys on and are well backed. The Stewards have noted with grave concern this trend. The Stewards feel that this is sending out wrong signals to the racing public in general and giving racing a bad name due to which the racing public is avoiding to come racing. The Stewards have directed that all Trainers be informed that if a horse's performance shows sudden vast improvement from its previous runs no matter the time gap between the races or change of course, the Stewards may take action after considering each individual case on its merits and the excuse that the horse had come and won after lapse of time or change of course may not be considered as an excuse. **(5 Jan 2001)**

3. RE: PENALTY FOR IMPROVED PERFORMANCE WITHIN A SHORT SPAN OF TIME :

The Stewards of the Club at their meeting held on 25th December 2016 have decided that in the absence of any obvious reason like a severe interference or accident or similar incident, a marked improvement in the performance of a horse, within 10 days of its earlier run, will result in mandatory minimum fine of Rs. 10,000/-

This is not in derogation to any other punishment which may be imposed on a Trainer / Jockey after due enquiry. **(December 30, 2016)**

PERMISSION TO LEAVE CENTRE – PENDING ENQUIRY

1. It has been observed that some Jockeys leave this Centre when there is a pending enquiry against them. All Foreign Jockeys/Jockeys holding “B” License, to ride under the R.W.I.T.C., Ltd. Rules of Racing at Mumbai/Pune are hereby Informed that they must seek permission from the Stipendiary Stewards to leave this Centre, more so if they do not intend to return to this Centre for riding engagements in the near future. All “A” Jockey’s License holders are intimated that they must apply to the Stipendiary Stewards if they wish to leave this Centre, more so after the conclusion of Mumbai Meeting/Pune Meeting, as the case may be. **(3 Aug 2005)**
2. It has been noticed that many a times when a Professional is issued a call letter on a race day, to appear before the Stewards after the last race in respect of any enquiry, the concerned Professional gives the excuse that he has to catch a flight in the evening or that he has some prior engagements and therefore would not be able to attend the meeting. This causes unnecessary delay in the conduct of the said enquiry. The Stewards of the Club have noted the above with disfavour and have directed that if a Professional is asked to appear before the Stewards after the races, they must do so and no excuses of “having to catch the evening flight” or “prior engagement” will be entertained. If a Professional holding a “B” license fails to appear before the Stewards when requested, he may not be given a clearance to ride at other Centres. **(16 Oct 2005)**

REQUIREMENT TO INFORM OFFICE OF PERSONS EMPLOYED BY TRAINERS

It has been observed that Trainers are employing people to work in their stables as clerks or Accountants without informing this office. This is viewed with great concern and Trainers are reminded that before employing any person they must bring them to be interviewed by the Stipendiary Stewards. **(3 Nov 1999)**

TRAINERS’ LICENSE

Ltd. calendar notice governing payment of Trainers’ monthly minimum Feeding & Upkeep Charges.
2. Any person licensed to train horses under R.W.I.T.C Ltd., Rules of Racing whose racing headquarters are not normally at Mumbai or Pune, will be issued with a “B” Trainer’s License. (23 Dec 1952)
3. All Trainers are advised that an “A” licensed Trainer who under the Rules of the RWITC Ltd has more than 30 horses under his/ her care may employ an Assistant licensed by the Club.

 - f. The registration as an apprentice will be on an annual basis and without any obligation on the part of the Club to renew the same.
5. **NORMS FOR GRANTING A TRAINER’S LICENSE**
 1. The applicant should have been apprenticed to a Trainer holding an “A” License for a minimum period of three years. However, in respect of the following categories, it would be sufficient if the applicant has completed one year as an apprentice:
 - (a) A Jockey who has ridden continuously for a period of 5 years.
 - (b) An Owner who has owned a minimum of 10 horses continuously for a period of three years seeking to train as Owner/Trainer for his own horse/s or horse/s owned in partnership with others.
 2. The applicant will have to undergo a written and practical examination as prescribed by a panel of experts nominated by the Stewards, for demonstrating his skills in horses and stable management.
 3. The applicant at the time of appearing for the test would have to submit a letter of consent from the Owners to the effect that they would give him a minimum of ten horses that are racing sound as certified by the Club’s Veterinary Officer, in his charge if he passes the qualifying test successfully and a Trainer’s license is granted to him.

HORSES COMING LATE IN THE PADDOCK

1. It has been observed that horses are not leaving the Paddock in time thereby affecting the betting turn over. Trainers are reminded that all horses must be brought into the Paddock at least 15 minutes before the scheduled time of the race and they must leave the Paddock at least 10 to 12 minutes before the scheduled time of the race. These instructions are not applicable to 2400 meters races. A buzzer/ bell will be sounded to indicate that all horses are to leave the Paddock immediately. A statutory fine of Rs.1,000/- will be imposed on any Trainer who brings his/ her horse late into the Paddock. Repeated offenders will be dealt with severely. **(29th January 2006).**

The Ponchos are kept with the Estate Department and these should be picked up and returned to Estate Department by the Trainer's employees on each Race Day. **(25 Feb 2002)**

RE: RUNNERS SADDLED WITH WRONG SADDLES

Some runners have been brought in to the Parade Ring with wrong saddles applied on them which lead to delay in the start of races since the saddle has to be re-applied and can have far reaching repercussions at times.

It is as much the responsibility of the Jockey to hand over his saddle to a Representative of the Trainer whose horse the Jockey is riding as that of the Trainer whose Representative takes over the correct saddle from the weighed out Jockey. Neither a Jockey should leave his saddle unattended nor should the Representative of the Trainer pick up a saddle on his own.

Any Professional found in breach, may be liable for a disciplinary action. *(July 28, 2012).*

RE: HORSES BEING LED TO THE STARTING POST.

It has been decided that if a horse has a habit of misbehaving whilst proceeding to the Starting Post, the Starter, at his own discretion, may grant permission for such horse, to be led to the Starting Post. However, the Trainer concerned should seek permission at least a day prior to the races. Further, the Starter should exercise restraint while granting such permissions.

It is further clarified that in the event, the Starter has already left for the start of the race and if a horse misbehaves in the paddock or after leaving the paddock and refuses to proceed to the Starting Post, in such circumstances, the Stipendiary Stewards may permit the horse to be led to the Starting Post.

In the above cases, the Jockey need not walk along with the horse but proceed to the start in one of the Club's vehicles. *(16th March 2003.)*

TRAINERS LEAVING CENTRE

It has been noticed that Trainers leave this Centre without informing the Racing Dept. of their departure well in advance. Trainers must intimate, in writing, details of their departure and reason thereof to the Office and also the name of the person who would be responsible for looking after the horses in his/her absence, failing which Trainer/s would be liable for disciplinary action if found in violation of this notice. *(9th June 2003).*

EMPLOYEES OF TRAINER

It has been observed that most Syces are not using the horse path when walking horses to and from stable area. Trainers must instruct their syces to only use the horse path and not walk horses on the road. Infringement of this notice will render the Trainer/ Syce liable to a strict disciplinary action. *(27th March, 2003)*

It has been observed that some Trainers bring more than one Clerk/ Assistant to the Saddling Enclosures on Race Days. Trainers are hereby informed that they are permitted to bring only one Clerk/ Assistant to the Saddling Enclosure, hence they are requested to purchase a Season's pass should they wish to bring in any extra staff. *(13th August 2005)*

Trainers must NOT bring Permission Boys into the Saddling Enclosure on Race days and to limit the Staff which enters this area to the bare minimum which will assist in maintaining security in this area. Further, if a Trainer does not have a runner on a particular day it will be appreciated if his Staff is not found loitering around in this area. Kindly inform the concerned people. *(2nd December 2002).*

It has once again been observed that the number of people entering the Saddling Enclosure has increased causing a security risk in this area. Trainers are requested to give the name of all employees (bare minimum required) that they wish to bring in the Saddling Enclosure on Race Days with photographs of the person in order to facilitate generation of photo ID cards. Photo ID cards will be deposited with the Security Guards at the entry point when entering and will be returned when the person leaves this area. This will enable us to monitor this area better. Further, Trainers are requested not to take family and friends into this area during the races. *(Dec 15, 2015)*

RE: PERMITTING A JOCKEY TO RIDE IN A GRADE 1 RACE

The Stewards of the Club at their Meeting held on 14th February 2016 have decided that in cases where suspension of a Jockey's License is up to a period covering 4 (four) Race days, on a request, the Stewards may permit the Jockey to ride in a Grade 1 race, adhering to the under-mentioned norms:

2. For the Presentation of Trophy, Jockeys wear the Racing Colours of some other Owner and not that of the Winning Owner. It is appreciated that this could be happening since the Jockeys would be in the Paddock for the next race and would be wearing the Colours of those Owner/s. ALL OWNERS AND TRAINERS RACING UNDER THE R.W.I.T.C., LTD., RULES OF RACING IN MUMBAI/PUNE

SUB: CHANGE OF JOCKEY

The Stewards of the Club have decided to follow the under mentioned guidelines in connection with the above subject:

- I. a. If an Owner or any one of the Owners of a horse jointly owned, Trainer or connection/s of a horse approach the Stewards with a request that the Jockey riding in the race be warned as they had received intimation of some malpractice, then such a jockey may be changed at the discretion of the Stewards.
b. If the Stewards suspect or were informed of some malpractice, then the Owner/s and in his/their absence the authorized agent or Trainer would be informed of this knowledge which had come to the Stewards' notice. If the Owner or his authorized agent or Trainer then still desire to retain the Jockey already declared, the Stewards may consider permitting him to do so. The Stipendiary Stewards, however, will keep a very close watch on the running of that horse.
c. In case of a & b above, the Jockey to be replaced will be approximately of equal caliber.
- II. a. If a Jockey meets with an accident in a race and cannot fulfill his future engagements, the connection/s may be allowed to put in a Jockey of their choice. **(w.e.f. 13.1.97)**
b. If a Jockey is unable to fulfill his engagements after Declarations and the Stewards are satisfied that this was due to circumstances beyond his control, then the connection/s may be allowed to put up any Jockey of their choice. Provided that the Jockey so replaced is of equal caliber. If the Stipendiary Stewards are of the opinion that the replaced Jockey is not of equal caliber, it will be brought to the notice of the Stewards for their decision.
- III. If a Jockey is declared and does not come to the Weighing Room or cannot ride, the change of Jockey from the one already declared would be at the option of the Stewards for other than above reason II a & b.
- IV. If a change of Jockey was ordered by the Stewards at the instance of the Owner, such Owner would have to pay the riding fees and commission, if any, to both the Jockeys.
- V. If a change of Jockey was effected by the Stewards themselves, then the riding fees and commission, if any, would be payable to the actual rider only.
- VI. If a Jockey complains of indisposition and/or does not want to ride on any grounds, then the change of rider will be at the option of the Stewards and will generally be a rider of approximately equal calibre. In the event of a Jockey declared to ride in a race be unable to fulfill his engagement, he would be replaced by another Jockey of approximate equal calibre with the same weight but if such Jockey was not available, then the Stewards in their discretion may nominate another Jockey who may have to carry over weight to ride in his place and stead. **(13th January 1990)**
The Stewards of the Club have given powers to the Stipendiary Stewards for selection of Jockeys as per the norms laid down by the Stewards for change of riders. However, in case of any objection by the Owners/Trainers to the selection of Jockey made by the Stipendiary Stewards, then in that case the matter will be placed before the Stewards for their consideration. **(4th February 1998).**

- a) If the intended overweight is up to 1.5 kg over the published weight, no prior permission is needed.
- b) If the intended overweight is above 1.5 kg and up to 3.5 kg over the published weight, prior permission must be obtained before the start of the first race of the day.
- c) If the intended overweight is more than 3.5 kg over the published weight, prior written permission citing the reason shall be obtained from the Stewards before the acceptance stage. (11 Feb 2017).

FAILING TO FULFILL RIDING ENGAGEMENT DUE TO MEDICAL REASON

1. **FAILURE TO RIDE:** All Jockeys/Apprentices are hereby informed that if any Jockey/Apprentice Jockey fails to fulfill his riding engagement due to any medical reason, the said Jockey/Apprentice Jockey shall not be permitted to ride work on the Tracks or to ride in races until he is certified fit by the Club's Medical Officer.

Further, Jockeys/Apprentice Jockeys are advised in their own interest, not to lose too much weight on a race day by using the Sweat Box or over exercising, without first consulting the Club's Medical Officer. (3 Feb 1995)

2. There has been an increase in the number of cases where certain Jockeys have been repeatedly reporting sick on Race Days and fail to fulfill their riding engagements on many occasions. Further to this, it has come to the attention of the Stewards that Jockeys are using the pretext of falling ill to catch a flight. If a Jockey/s is/ are found guilty of this misconduct, serious action will be initiated against the concerned Jockey/s.

The Stewards have viewed this trend with displeasure as this is unfair to Owners/ Trainers and Racing Patrons and have decided that if a Jockey reports sick and fails to fulfill/ complete his riding engagements after declarations by voluntarily reporting sick on more than one occasion within a month or repeatedly month after month, he will not be given fitness certificate by the Club's Medical Officer to ride in races for a minimum period of two weeks at the discretion of the Stewards so as to give him time to recuperate from his ailment. (27 Oct 2007)

3. **JOCKEYS – FAILING TO FULFILL RIDING ENGAGEMENTS :** All jockeys declared to ride must fulfill their engagements. In case a Jockey does not do so due to exhaustion, the Stewards may limit the number of rides to be accepted on a race day by that particular Jockey. Further if it is found that Jockeys are not fulfilling their engagements by shamming illness and/or making other excuses, severe disciplinary action will be taken in such cases.

4. **JOCKEY – REDUCING WEIGHT:** All Jockeys and Apprentice Jockeys are warned that, should they have to reduce weight, they may do so gradually and not suddenly to avoid exhaustion and collapse. They are advised to consult, the Club's Medical Officer, on this account. Should any Jockey be found not carrying out these instructions and not being able to do justice to his horse because of exhaustion, such disciplinary actions as the Stewards think fit will be taken against him. (17 Feb 1986)

5. The Stewards of the Club at their Meeting held on 25th August 2007 have noted with concern that Jockeys are resorting to reducing weight in an attempt to ride light which has an adverse affect on their health and also their riding capabilities during a race.

In view of the above, the Stewards have decided that a Rider shall be allowed to ride up to a maximum of 2 kg less than his riding weight as recorded by the Clerk of the Scales or intimated by the Jockey himself.

All Jockeys / Apprentice Jockeys must periodically intimate their correct Riding Weight and it would be their responsibility that correct Riding Weights are published wherever necessary.

Any Jockey/ Apprentice Jockey contravening the notice will be liable for disciplinary action as may be deemed fit. (30 Aug 2007)

-
6. **JOCKEYS DECLARED UNFIT TO RIDE ON MEDICAL GROUNDS:** In the case of a Jockey intentionally not fulfilling his obligation on a particular Race Day for reasons other than injury; such Jockeys would not be allowed to ride at any Centre until a period of 48 hours had elapsed, as stipulated in the Rules of Racing.
However, in instances of a Jockey being involved in a fall or an accident, the Turf Authority would consider permitting such a Jockey to ride on the following Day, provided the concerned Medical Officer declares such a Jockey fit to ride. **(6 Aug 2007)**
7. **RE: REPORTING TO THE MEDICAL CONSULTANT AFTER AN INJURY**
It has been observed that Jockeys, who do not attend riding duties due to injuries sustained on & off the Race Track in Mumbai or other places as well as diseases suffered and treated at their own arrangements, do not get themselves certified fit and resume riding duties without informing the Medical Consultant of the Club.
All Jockey and Apprentice Jockeys must obtain a fitness certificate following medical examination by the Medical Consultant; if they are treated outside for the injuries/ disease; they are to report to the Medical Consultant with all the medical documents and a certificate from the treating Doctor. This is a mandatory requirement for the Jockeys who have absented themselves for more than 7 (seven) days due to any injury / disease. **(December 23, 2013)**
-

PERMISSION TO LEAVE CENTRE – PENDING ENQUIRY

1. It has been observed that some Jockeys leave this Centre when there is a pending enquiry against them.
In view of the above, all Foreign Jockeys/Jockeys holding “B” License, to ride under the R.W.I.T.C., Ltd. Rules of Racing at Mumbai/Pune are hereby Informed that they must seek permission from the Stipendiary Stewards to leave this center, more so if they do not intend to return to this center for riding engagements in the near future.
All “A” Jockey’s License holders are intimated that they must apply to the Stipendiary Stewards if they wish to leave this center, more so after the conclusion of Mumbai Meeting/Pune Meeting, as the case may be. **(3 Aug 2005)**
2. It has been noticed that many a times when a Professional is issued a call letter on a race day, to appear before the Stewards after the last race in respect of any enquiry, the concerned Professional gives the excuse that he has to catch a flight in the evening or that he has some prior engagements and therefore would not be able to attend the meeting. This causes unnecessary delay in the conduct of the said enquiry. The Stewards of the Club have noted the above with disfavour and have directed that if a Professional is asked to appear before the Stewards after the races, they must do so and no excuses of “having to catch the evening flight” or “prior engagement” will be entertained. If a Professional holding a “B” license fails to appear before the Stewards when requested, he may not be given a clearance to ride at other Centres. **(16 Oct 2005)**

EASING OUT OF HORSES

Jockeys/Apprentice Jockeys are hereby informed that in the event of a horse showing signs of distress in a race, or should a Jockey find that his saddle/bridle equipment has broken, the Jockey concerned must use his discretion and if necessary ease out his horse in order to avoid an accident to himself or to other horses in the race. The Stewards advise such action in the larger interest of the Jockey’s safety. **(13 Jan 1991)**

1. **RIDING OUT OF HORSES**
Jockeys are reminded that all horses must be ridden out, not necessarily under the whip, to the satisfaction of the Stewards.
Cases have occurred in which, in the opinion of the Stewards, horses have been eased before it was obvious that they were really beaten out of a place and the Stewards view this practice with very strong disfavor and the Jockey is liable for disciplinary action. **(12 Aug 1935)**
2. **LOOKING BACK BY JOCKEYS WHILE RIDING IN RACES**
All Jockeys are hereby informed that they are permitted to look back while riding in race but severe action will be taken against them if in the opinion of the Stewards, this might have or did lead to losing a placing or a race.
In any case excessive looking back is not viewed with favour by the Stewards. **(17 Sep 1984)**
3. Some Jockeys stand up in the stirrups and raise their hand in a “**Victory Sign**” before passing the winning post. The Stewards view this practice with disfavour as it may one day lead to mishap/ accident and have directed to inform all Jockeys to refrain from this practice. Any Jockey found in contravention of this notice will be liable for disciplinary action. **(18 Dec 2006)**
-

MOUNT FEES & OUT-OF-SADDLE-ALLOWANCE.

The Jockey’s Mount fee per mount shall be decided by the Stewards from time to time. The Mount Fee per mount for Apprentice Jockeys will be half that of the Jockeys. The Out-of-Saddle allowance will be Rs.1,500/- per week. **(March 2008)**

JOCKEYS GETTING DISLODGED FROM A HORSE DURING A RACE.

The Stewards of the Club at their meeting held on Thursday, 18th January, 2007 after a discussion on the above matter have decided that in case of a fall during a race, the Jockey must remain lying on the ground till the medical attendants in the accompanying Ambulance carry him on a stretcher and provide him medical attention and necessary treatment. No Jockey shall walk away on his own from the accident site.
Further, after a fall during the race, a Jockey shall not be allowed to ride in any subsequent race until the Club’s Medical Officer certifies him fit to ride. **(28 Jan 2007)**

1. **JOCKEYS RETAINERSHIP.**

Owners, Trainers and Jockeys are hereby notified that in the event of the terms of the retainer agreement between the Owner/Trainer and their Jockey not being registered with the Club, no cognizance will be taken of any complaint regarding the said retainer agreement for any reason whatsoever. **(23 Oct 1981)**

2. **SPECIAL AGREEMENTS**

The attention of Owners, Trainers and Jockeys is drawn to the following rule appearing under Special Agreements in the R.W.I.T.C. Ltd., Rules:-

“The Stewards of the Club will not recognize any special agreement as having any force or effect unless such agreement shall have been first lodged with the Secretary and approved and no special agreement shall be so approved unless the same be made between a licensed Trainer or Owner and his apprentice or jockey.”,

In their own interest, all concerned are advised to have any such special agreements or retainers registered with the Club. **(18 Dec 1966)**

3. **JOCKEY'S RIDE**

Notice is hereby given that the Stewards have, on reference, ruled that in the event of the weights being raised after the publication of a handicap, a retained Jockey, who may have promised his services to another Owner, believing the weights would not be raised, if required, must ride for his own stable.

The Stewards have further ruled that if an Owner or Trainer engages the services of any Jockey, he must pay that Jockey his mount fee and earnings commission, if any, should he decide not to utilize the Jockey's services provided the Jockey does not obtain another mount in the same race. **(14 Feb 1988)**

MEDICAL TREATMENT TO PERMISSION BOYS & STABLE STAFF

All Trainers are advised to submit in writing to the Club's Medical Consultant, the name and address of the Hospital/ Clinic where Permission Boys and the Staff should be taken to after being administered first aid and needing further medical treatment in case of any illness/Accident. This will facilitate proper and expeditious medical treatment at the hospital/Clinic of your choice since the medical expenses for the above said persons are borne by the respective Trainers. **(6 Dec 1988)**

4. The whip in a single race shall not be used more than eight times, provided the Stewards are satisfied that the use of the whip in the excess of the specified number was expedient in the interest of safety.
5. *Minimum standard guidelines on use of the Whip.*
This Guideline gives example of use of the whip which are prohibited:
 - (a) Using the whip to the extent of causing injury;
 - (b) Using the whip with the arm above shoulder height;
 - (c) Using the whip with excessive force;
 - (d) Using the whip with excessive frequency;
 - (e) Using the whip on a horse which is showing no response;
 - (f) The continued use of the whip on a horse after its chance of winning or being placed is clearly gone;
 - (g) The unnecessary use of the whip on a horse that has clearly won its race or has obtained its maximum placing;
 - (h) Using the whip on a horse which is past the post;

 - b) Using the whip in the backhand position for a reminder.
 - c) Having used the whip, giving the horse a chance to respond before using it again.

EXCESSIVE USE OF THE WHIP BY JOCKEYS IN A RACE

It has been observed on many occasions that Jockeys use their whip in excess of the maximum limit of 8 whips. The excuse given generally by the Jockeys in such instances is that the horse was a favourite or the horse was in the fighting line or that the Owners/ Trainer had instructed him that the horse is lazy and does not respond without a whip.

The Stewards of the Club having deliberated the matter wish to draw the attention of all Owners/ Trainers/ Jockeys that the Rules regarding the Use of Whip are a notification from the Government of India which makes it the law of the land and an infringement of these Rules is a cognizable offence and is punishable in a Court of Law. Therefore, all Owners/ Trainers/ Jockeys are requested to kindly bear in mind the above whilst giving instructions or following instructions regarding the Use of the Whip in a race. **(27 Sep 2007)**

CARRYING OF WHIP BY JOCKEYS

In the event an Owner/ Trainer does not wish his Jockey to use the whip, the Jockey could be instructed not to use the whip and the Stewards should be so informed before the race. However, the Owner/Trainer cannot deprive the Jockey from carrying his whip.

Dear Sirs/ Mesdames.

RE: SECURITY AT THE STABLE AREA AT MUMBAI RACECOURSE

With a view towards enhancing the security at the stables area at the Mumbai Race Course and as a part of this exercise, the club has taken the advice of ex-Police Commissioner, Mr. Julio Ribeira, along with the Deputy Commissioner of Police and Senior Inspector of Police, Tardeo Police Station. Based on the inputs from these gentleman as also the recommendations of the Security and Vigilance Working Group (Mumbai/ Pune), the Stewards of the Club have decided to keep the Mile Gate as also the 80 Feet Gate open only between 5:00 a.m. and 10:30 a.m. and between 4:00 p.m. and 8:30 p.m. On Mumbai race days these Gates will be closed from 10:30 a.m. until the conclusion of the races / Mock races. Owners and Trainers who are desirous of using these Gates should obtain their stable entry car stickers from the Club's office during the working hours, by making an application and these car stickers should be displayed prominently while entering. However, if any owner is desirous of visiting the stable area between 10:30 a.m. and 4:00 p.m. he would be permitted to do so only through the Walking Ring Gate and that too subject to his Trainer being present at the stables during his visit. No taxis will be permitted in the Stable area.

Exceptions will be made for ambulances as well as Club Officials and Veterinarians who will have unrestricted access to the Mile Gate and 80 Feet Gate. Further, restrictions will be relaxed for those Trainers and Jockeys residing in Stable areas and such persons must apply and get approval for exemption on a Season to Season basis. Such Trainers and Jockeys will be permitted to enter through the 80 Feet gate till 10:00 p.m. as a special case if they are arriving from out-station, then they should submit / show proof of travel and sign the register.

On Race days, all Trainers and Jockeys will be permitted the use of Mile Gate for entry into the Race Course up to half an hour before the starting time of the first race.

Owners and Trainers who wish to bring their guests to stable area should sign-in and sign-out their guests at the entry points.

We look forward to the support and co-operation from the Owners, Trainer and Jockey in this regard so that the security at the stable area which is of paramount importance especially during the Racing Season can be further tightened up by the Stewards as one of their significant measures to uphold the integrity of sport of horse racing.

By Order of the Stewards, (17 Jan 2016)

RE: SECURITY AT THE STABLE AREA AT MUMBAI RACECOURSE

The following steps have been advised to increase Security at the stable area at the Mumbai Racecourse in consultation for the trainers Association:

1. All Salesmen and people marketing their products will not be permitted in the Stable Area carte blanche. They can meet the Trainers outside the stable area or in the Trainer's Room. (For the time being till this is implemented, Salesmen will be permitted only on Mondays between 10 a.m. and 1 p.m.).
2. Trainers are reminded of the Calendar Notification that they shall be totally responsible for giving additives, tonics, probiotics and yeast etc. at any time whatsoever and irrespective of the source from which it is procured and the guarantees given by the manufacturer. Therefore they should take utmost care before buying or using any product.
3. Trainers are requested to beef up their own Security further to the security provided by the Club and take measures to keep away people who they believe can be a threat and/ or try to sabotage their horses. It is suggested that they install their own CCTV systems for further security. If they like, they can also take the footage of the CCTV cameras every 29th day from the Club's office to safeguard themselves in future enquiries as the Club is unable to store data for more than this period and use the facilities of video up-link of their cameras on their smartphones.
4. It is requested that Trainers log the name of the syces on their horses.
5. It is observed that people are parking their cars on the bridle path forcing horses to walk on the main road of the Stable area. This could be dangerous for both men and horses in case of the collision with a vehicle. Thus it is requested that the bridle paths be left for horses and Trainers are requested to inform their staff to use these paths for leading horses.

RE: USE OF HORSE PATH IN THE STABLES AND CONTROL ON THE SPEED OF VEHICLES PLYING IN THE STABLE AREA

It is our endeavor that the horse comes first and Trainers must instruct their horse Attendants to use the Horse Path in the stable area for the movement of horses.

The Horse Path must be clear of all obstacles so much so that the Entrance Gates of the Stables open to the inside and that no vehicles are parked in the Horse Path.

The Horse Attendants must walk the horses on the left side of the Horse Path at all times.

It has also been observed that vehicles ply at a faster speed, than they should, in the Stable Area. Trainers are requested to advise the people who visit their stables, including the Private Veterinarians, in this regard and exercise control on themselves as well as on their Staff.

VETERINARY SECTION

RETIREMENT OF RACE HORSES; GOOD HOMES

The Stewards of the Club have decided that on examination of horse/s, if the Club's Sr. Veterinary Officer recommends to retire the horse/s from racing on Veterinary grounds then in such cases Owners/Trainers are requested to find good homes for these horses and give a proper left charge form before sending them to the address where these horse/s would be rehabilitated. (**4th October, 2002**).

They are also required to obtain an Undertaking as per Animal Welfare Board of India ruling from the person taking Charge (if not a Stud Farm/ and/ or another registered Owner) that he shall take proper care of the horse and submit this Undertaking to the Club.

DECLARED TO START – HORSES REQUIRING VETERINARY ATTENTION

The Stewards of the R.W.I.T.C., Ltd have resolved that all Trainers with immediate effect will adhere to the following procedure. Once a horse is declared to accept in a race and subsequently requires veterinary attention due to any ailment, irrespective of whether the horse is to run after treatment or permission is to be sought to withdraw it, the Trainer of the horse must immediately inform the Club's Veterinary Officer of such ailment and treatment. The Trainer is at liberty to have the horse in question treated by any Veterinarian, but this information must be communicated to the Club's Veterinary Officer as early as possible, preferably while the animal is ailing. The Stewards have noted with displeasure the increasing number of horses withdrawn on veterinary grounds after the Declaration/ Acceptance stage. It would appear that some Trainers tend to Declare / Accept with known unsound horses in their charge in the hope that the animals would be sound enough to run on the race day. Such practice is not allowed and the Trainers are informed that in any case of doubtful runner, the Trainer concerned must consult and show the animal to Club's Senior Veterinary Officer or Veterinary Officer or Assistant Veterinary Officer and get his clearance before declaring / accepting with the said animal as otherwise he will be liable to severe disciplinary action in the event of his animal being withdrawn on veterinary grounds after Declaration / Acceptance stage if it felt that the animal was in fact not in sound enough condition to race when he was Declared / Accepted with the same. (**2nd April, 1987**).

- Gr. – III Blood stream covering more than half tracheal width.
- Gr. – IV Blood visible from one or both the nostrils.

Similar regulatory action such as not to permit the horses to race for specific period as published in the racing calendar will be taken in case of horses reported to be having EIPHS of Grade III and Grade IV. No action will be taken in respect of horses reported to be having EIPHS of Grade I and Grade II. Further, whenever, a horse breaks a blood vessel at Track work, the Trainer concerned must immediately inform the Club's Sr. VO of the same. (*February 19, 2010*).

3. MOCK RACES:

No horse with a V.O. ban will be allowed to participate in a mock race until passed fit by the Club's Veterinary Officer. A Horse banned owing to bleeding through the nostrils will not be allowed to participate in a mock race until it has completed the period of the ban.

4. EXERCISE INDUCED PULMONARY HAEMORRHAGE (EIPH):

If any horse who has performed below form is not scoped by the Club's Vet or in the presence of a Club's Vet who can certify the bleeding immediately after the race then the Stewards will not take any cognizance of a report from the Trainer or other Vets that the horse has bled, post race. A Trainer should approach the Stipendiary Stewards and/or the Senior Veterinary Officer to have a horse scoped post race, if in the opinion of the Trainer there is a possibility that the horse could have bled internally. (*6th April, 2003*)

WOLF-TOOTH

1. FINDING OF WOLF TOOTH IN HORSES ON EXAMINATION AFTER A RACE

If a horse exhibits improper behavior (e.g. Hangs-in or hangs-out) during the running of a race and such undesirable behavior is attributed to the presence of a wolf tooth then the concerned Trainer will be asked to take remedial measures.

In case the Trainer fails to take remedial measures and the horse exhibits undesirable behavior in its next engagement, then the concerned Trainer will be liable for disciplinary action. (*September 1, 2009*).

2. Any horse that hangs in or out during the race and on examination after the race reveals presence of wolf tooth, will be stopped from racing till such time the offending tooth is removed. If, however, for any reason, the tooth cannot be extracted the matter should be reported to the Senior Veterinary Officer of the Club for his consideration in the matter. (*7th August, 1990*).

POST MORTEM OF HORSES

All horses that die in the stables shall be subjected to Post Mortem examination and that such Post Mortem shall be in the presence of one of the official veterinarians. (*13th February, 1992*).

TO: ALL TRAINERS

It has been observed that horses are transported to other centres without valid Coggins Negative Certificates. This has resulted in other centres not accepting such horses and thereby, causing hardships to the horses. Trainers are requested to ensure that horses are sent to the other centres with valid Coggins Negative Certificates. (*17th November, 1992*).

PASSING FIT

1. The horses on Veterinary Ban should be passed fit by the Club's Veterinary Officer during the morning track work before they are accepted to run.
2. To examine horses for passing fit, the Trainers are requested to write in advance to the undersigned to fix the time and date for such examination.

4. PROHIBITED HORSES ON VETERINARY GROUNDS

Horses which have been stopped from racing on veterinary grounds by this Club and which subsequently may or may not have run in other racing centres, must be produced for examination to this Club's Veterinary Officer before they run again under this Club's Rules. An application to this effect must be made in writing to the Secretary of this Club well in advance of the day the horse is intended to be raced. Failure to have the horse examined and passed fit by the Club's Veterinary Officer may cause the horse to be refused at the declaration stage. (*1st January, 1972*.)

UNNERVING OR “NEURECTOMY” OPERATION

Owners and Trainers are informed that no unnerved horse or horse on whom an operation for unnerving (neurectomy) has been performed will be permitted to race or work at the Mumbai or Pune Race Courses. It shall be the duty of every licensed Trainer to report to the Club Authorities the name of any animal in his charge which has been the subject of any such operation. **20/24th January, 1957.**

BLISTERING OF HORSES

The Stewards view with disfavour the tendency on the part of Trainers to run horses whose legs are undergoing a course of blistering with any preparations giving the same result. They are of the opinion that horses whose legs are undergoing a course of blistering are not in a fit condition to be raced and they should therefore not be raced until such time as effect of the blisters has worn off.

Any Trainer found to be acting in contravention of the above directive will render himself liable to disciplinary action. **(10 Jan 1961)**

However to derive a wider range of the above Penetrometer Reading, it has been decided that the method followed by Longchamp racecourse, France would be put in practice from 1st January 2013.

However, if any Trainers are desirous of availing of more than an average of three Oats bags per horse per month, then the Trainer concerned should specify the name of the horses for which the excess quantity of Oats have been taken. This would facilitate the Accounts Department to debit the cost of the excess quantity of Oats (over and above of 3 bags per horse per month) to the account of the particular Owners concerned. If Trainers failed to specify the name of the horses, as mentioned above, then the relevant charges (over and above of 3 bags per horse per month) will be debited to the concerned Trainer's account with the Club. **(10 Sep 1998)**
2. It has been brought to the attention of the Oats Sub-Committee that most of the Trainers are not returning their empty bags of Oats to the Go-down keeper with the result that the Owners accounts are debited for the same. A sum of Rs.5/- per gunny bag will be charged to the concerned Trainer's Account. **(21st February 1997)**
3. If the Trainer requires extra bags of crushed Oats from the Club then it could be acquired on debit to the Trainer's personal account with the Club provided that they have credit otherwise on cash payment. **(31 August 2000)**.
